

MAGNETAR™ QUAD

Guaranteed analysis

Nitrogen (N).....	1.5%
Manganese (Mn).....	0.2%
Boron(B).....	1.0%
Zinc (Zn).....	0.2%
Copper (Cu).....	0.2%

Caution: This fertilizer contains Boron and should only be used as recommended. It may prove harmful when misused.

Derived from a mixture of registered and exempt materials.

General Information

MAGNETAR QUAD is a liquid fertilizer for use in foliar application containing Nitrogen supplemented with the micronutrient Boron and other micronutrients. MAGNETAR QUAD is rapidly absorbed by foliage and is designed to promote plant growth and quality.

Commercial Use Only

MAGNETAR QUAD compatible with common nutrients and chemicals. A jar test is always recommended. For tank mixing add MAGNETAR QUAD solution directly into a partially filled spray tank with agitation operating. Do not apply MAGNETAR QUAD if rainfall is likely within 3 hours after application.

Foliar Application Instruction

Application rate: 250-500 ml/acre at herbicide or fungicide timing

Crop recommendations:

Field crops - Cereal, corn, sugarbeets, canola, potato, pulse, and legume crop

Precautionary measures:

Avoid contact with eyes, skin and breathing dust or spray mist while handling. Wash hands thoroughly after handling

Storage and disposal: Store in a cool dry place. Store in original container. Triple rinse containers and recycle or disposal in a sanitary landfill or by means in accordance with local, provincial, and federal regulations.
